PROFILE

I am a recent college graduate of the University of North Georgia. The overall experience was invaluable in shaping who I am as a person. I long to take the knowledge and wisdom I've gained to become a valuable asset to any team I take part in. I graduated with a bachelor's degree in Art Marketing with a focus in the digital arts. Skilled with Adobe Creative Suite (Photoshop, Illustrator, After Effects, InDesign). I'm eager to learn new things and proficient at figuring out what I have yet to learn.
